

[First Last Name]

[City, State] | [email@example.com] | [Phone Number]

PROFESSIONAL SUMMARY

[Experienced **Firefighter** with a strong background in structural firefighting, emergency medical response, and hazardous materials awareness, dedicated to protecting life and property.]

[Proven ability to perform effectively under pressure, operate firefighting apparatus and equipment safely, and collaborate within cross-functional emergency response teams.]

[Skilled in incident scene size-up, rescue operations, and fire prevention education, with a focus on community safety and continuous professional development.]

PROFESSIONAL EXPERIENCE

[Firefighter / EMT] | [City Fire Department]

[Month Year] – Present | [City, State]

- [Respond to an average of [X] emergency calls per month, including structural fires, medical emergencies, vehicle accidents, and hazardous conditions, ensuring rapid, safe, and coordinated interventions.]
- [Operate and maintain firefighting apparatus, SCBA, hoses, ladders, and rescue tools, completing scheduled inspections and documenting equipment readiness to support a [100%] operational status.]
- [Perform patient assessment and basic life support as an [EMT-B/EMT], collaborating with paramedics and hospital staff to stabilize patients and improve on-scene treatment efficiency.]

[Probationary Firefighter] | [Regional Fire & Rescue Service]

[Month Year] – [Month Year] | [City, State]

- [Assisted senior firefighters in interior and exterior fire attack, ventilation, salvage, and overhaul operations, consistently following departmental SOPs and NFPA guidelines.]
- [Participated in regular drills and training sessions on ladder operations, hose deployment, forcible entry, and search-and-rescue techniques, contributing to improved crew response times.]
- [Supported community outreach events, fire station tours, and school fire safety presentations, helping educate more than [X] community members annually on fire prevention practices.]

EDUCATION

[Fire Science Technology Certificate] | [Community College Name]

[Month Year] – [Month Year] | [City, State]

- [Completed coursework in fire behavior, building construction, fire prevention, fire protection systems, and emergency response operations.]
- [Participated in hands-on training scenarios involving live fire evolutions, ladder use, hose line advancement, and incident command simulations.]

[High School Diploma] | [High School Name]

[Month Year] – [Month Year] | [City, State]

- [Graduated with a focus on physical education and science courses that supported entry into fire service training programs.]

SKILLS

- **Firefighting & Rescue:** [Structural firefighting], [search and rescue], [ventilation operations], [ladder operations], [hose line management], [salvage and overhaul].

- **Emergency Medical:** [Basic life support (BLS)], [patient assessment], [CPR/AED], [trauma care assistance], [EMT-Basic skills].
- **Equipment & Apparatus:** [SCBA use], [fire engine and ladder truck familiarity], [hand and power tools], [radio communications], [equipment inspection and maintenance].
- **Safety & Compliance:** [Incident scene safety], [PPE use], [hazard recognition], [NFPA and departmental SOP adherence], [risk assessment].
- **Physical & Technical:** [High physical fitness], [endurance], [confined space operations awareness], [basic fireground hydraulics], [map reading and navigation].
- **Soft Skills:** [Calm under pressure], [teamwork and collaboration], [clear communication], [problem solving], [community relations], [adaptability].

PROJECTS & ADDITIONAL INVOLVEMENT

[Fire Safety Outreach Initiative] | [City Fire Department / Community Program]

[Month Year] – [Month Year]

- [Assisted in organizing and delivering home fire safety checks and smoke alarm installations for at-risk households, increasing coverage in target neighborhoods by [X%.]
- [Contributed to the development of simple educational materials on escape planning and fire extinguisher use, distributed to more than [X] residents.]

[Training Drill Development] | [Station/Company Number]

[Month Year] – [Month Year]

- [Supported senior officers in planning and setting up multi-company training drills focused on hose deployment, search patterns, and rapid intervention techniques.]
- [Gathered feedback from participating crews to help refine drill scenarios and improve realism and training value for future sessions.]
